

TIME TABLE DUTCH MASTERS OF MOTOCROSS

HARFSEN 30-03-2025

Important information:

There are a large numbers of entries in all classes. For safety reasons and to have a fair time practice will qualify in groups.

This means some changes in the timetable for the event in Harfsen:

- The first lap in time practice is free, after that there are 15 minutes of time practice
- Price giving ceremony for all classes will start directly after the finish of the 2nd race of the 500cc class

With these changes we will still have time to do track maintenance and we don't have to cut in race time.

The best 20 riders in each qualifying group are qualified for the races, the number 21 of Group A is 1st reserve, number 21 of Group 2 is second reserve.

Tijden onder voorbehoud.
